

JAVASCRIPT UNCONFERENCE

We're very excited to announce that a further **JavaScript Unconference** will take place on the 25th and 26th April, 2015 in the University of Hamburg, Martin-Luther-King-Platz 6.

The event will be attended by around 300 attendees, both from Germany and abroad. The target group are developers and consultants who use JavaScript, either privately, or in their daily work, both for server side (e.g. Node.js) and frontend work. The organisers are expecting a return of core developers from well-known frameworks, and many familiar names and faces from the JavaScript community.

Facts and figures:

- 250 - 350 attendees
- 2 days, 4 parallel tracks
- Location: University of Hamburg, Martin-Luther-King-Platz 6
- 28 presentations, each ~45 minutes
- Tickets: €59-79
- Language: mainly English

The previous JS Unconf was characterised by a range of high quality sessions covering a wide spectrum of topics. The resulting media coverage was extremely positive, and we are expecting a large majority of this year's attendees will be present for the event in 2015.

Our aim is to hold a stand-out event, that is a success for everybody involved. In order to attract as many developers as possible, we want to keep the ticket price as low as we can. As a sponsor, you have the opportunity to present your product and/or yourselves as an attractive employer. The various options are detailed in the attached document.

If you have any questions, please feel free to get in touch.

Best regards,

JS Unconf Team
